The proposed resolution authorizes the City Manager or designee to enter into a license agreement with the Texas Department of Transportation to temporarily close state roadways for special events that utilize both city streets and state roadways in Austin. An agreement will be executed for each event. This resolution and proposed agreement do not affect any other requirements associated with other street event permits.

The known annual events that encroach on state roadways include Freescale Austin Marathon; 3M ½ Marathon; Capitol 10,000; Halloween on 6th Street; and Trail of Lights. Requests for permits for other street events that encroach on state roadways are likely to be submitted.

The Watershed Protection and Development Review Department recommends approval subject to all other requirements being met.
